

box of 3 monthly contact lenses

Vision Plus 55 Multi

HIGH DEFINITION SYSTEM

Differently from other aspheric lenses on the market, the high definition design of this lens combines the ideal aspheric curving for each power with the lens thickness and compensates for the visual aberration caused by the lens flexure on the eye surface. This means a better visual acuity from all distances, a larger depth of field and a reduction of refractive astigmatism, improving the contrast sensitivity and giving a sharper and clearer vision.

Advantages

- ✦ **Generic white box with private label sticker**
- ✦ **Available in stock**
- ✦ **No MOQ required**
- ✦ Constant and long lasting presence on the market
- ✦ Aspherical geometry with visual aberration control
- ✦ Higher visual acuity and enhanced contrast sensitivity
- ✦ Easy handling, superb comfort
