

Kawaeyes

fun and comfortable contact lenses for the most extreme requests

Kawaeyes color contact lenses were created to meet all kind of requests of our customers especially Cosplayers. Cosplay (short for "costume play") people wear costumes and fashion accessories to represent a specific character. Their favorite sources include manga, anime, comic books, video games and films. Every Kawaeyes design is meant for parties, carnivals, Halloween and much more.

Kawaeyes lenses are created with excellent materials, precise geometry and good water content. Some models require prism in order to avoid the natural rotation of the contact lens on the eye and to ensure the perfect fitting of its design.
