

# DayVue 58

the full comfort  
of new, fresh lenses  
every day

box of 30 daily contact lenses

DayVue 58 lenses are distributed since many years and with great marketing success in more than 25 countries. They combine full comfort of fresh, sterile new lenses every day together with the convenience of no lens care. The traditional lens copolymer HEMA has been enhanced by the addition of glyceryl methacrylate (GMA) and methacrylic acid (MAA) for better hydration and constant level of comfort. The buffer saline solution contains hyaluronic acid in order to prevent dry eyes and to provide optimal fitting and extra comfort during the first hours of wear.

## Advantages

- ✦ Lens copolymer enhanced by the addition of GMA for a better hydration and constant level of comfort
- ✦ Hyaluronic acid in buffer saline solution in order to prevent dry eyes and to provide optimal fitting and extra comfort during the first hours of wear
- ✦ High comfort, easy handling
- ✦ No problematic allergen buildup
- ✦ Highly convenient solution to daily maintenance, better for travel
- ✦ Ideal for active individuals, open air activities, sports and getaways in complete freedom
- ✦ Perfect for part time contact lenses wearers
